

PingID – replacing mobile device

Install PingID app on the new mobile device

Open the App and select **Accept** for Terms of Service

Select **I Understand** for important notice

Allow PingID for Notifications and OK for Camera

Select Keep Only While Using and Allow While Using App

The app should be ready to scan a QR code

Navigate to the MFA enrollment site

<https://MyMFA.vscocorp.com>

<https://MyMFA.Victoriagc.cn> (China)

Enter your network credentials

VICTORIA'S SECRET & CO.

THIS IS THE PRODUCTION ENVIRONMENT

PingID PingID Setup

List of PingID options the user has will show

PingID

My Devices

Drag to arrange your devices by priority of how you want to authenticate. The first device will always be primary.

+ Add

	AUTHENTICATION TYPE	PRIMARY
iPhone 11 Pro <small>(iPhone 11 Pro)</small>	Mobile	<input checked="" type="checkbox"/>
Email 1 <small>oscar.v@vscocorp.com</small>	Email	<input type="checkbox"/>

Select **Add**

+ Add

Select **Continue** to Authenticate

Authentication Required

This action requires you to authenticate with PingID.

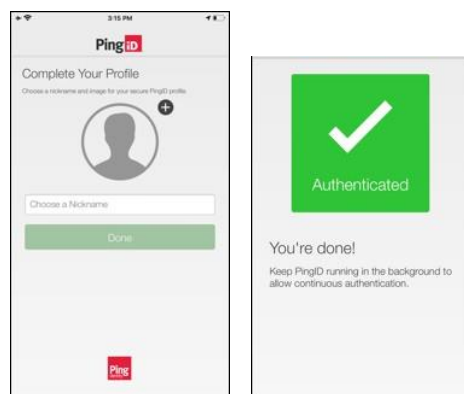

Cancel Continue

A pairing QR code will be provided.

Scan the QR code using the new mobile device

Choose a **Nickname** and select **Done**

Once authenticated, the new mobile will show up in the Mymfa.vscocorp.com site

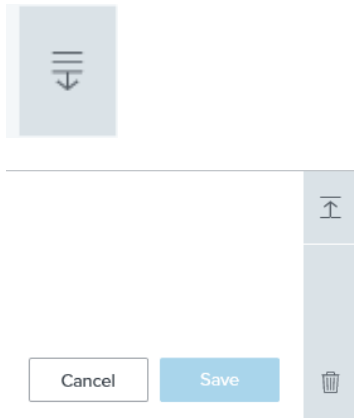

⋮	iPhone 11 Pro iPhone 11 Pro	Mobile	<input checked="" type="checkbox"/>	⋮
⋮	Email 1 os****@gmail.com	Email	<input type="checkbox"/>	⋮
⋮	iPhone 8 Plus (Global) iPhone 8 Plus (Global)	Mobile	<input type="checkbox"/>	⋮

You can now select the new mobile as the primary

PRIMARY

After primary has been selected, you can now Delete the old mobile

Select the Trash and it will prompt to confirm to **Remove**
