Welcome to PingID

Information security is a top priority at VSCO. We now require two forms of authentication when you log into systems that contain sensitive data. 1. Download the PingID app from your phone's app store. 2. Click "Start" button below. 3. Follow the on screen enrollment instructions. 4. By completing the enrollment process and selecting your authentication preference, you agree that we may authenticate you through the use of biometric (touch ID), text messages, autodialed/prerecorded voice calls, email and other forms of authentication as they become available.

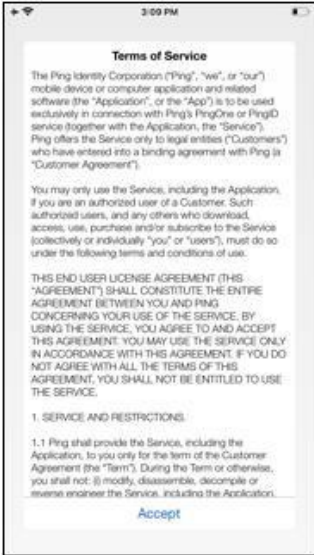

START

The screenshot shows a 'Welcome to PingID' page with a white background and a faint world map. It features the Ping Identity logo, a heading, a paragraph of text explaining the security requirements and enrollment steps, and a blue 'START' button.

Click "START"

Download “PING ID” Mobile App

Open the App or Scan the QR code and select **Accept** for Terms of Service

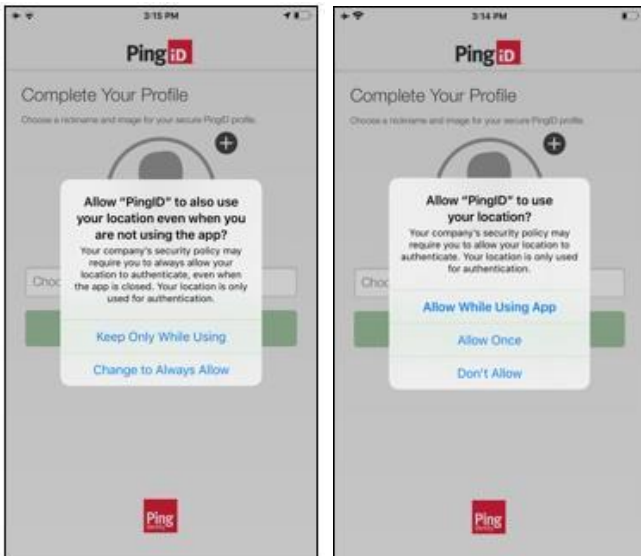

Select **I Understand** for important notice

Allow PingID for Notifications and **OK** for Camera

Select **Keep Only While Using** and **Allow While Using App**

Choose a **Nickname** and select **Done**

Once authenticated, you should be all set.
